Preface

PREFACE

BrainBytes is a new and contemporary general knowledge series designed for students of classes 1 to 8. Developed in alignment with the guidelines of the National Education Policy (NEP 2020) and the National Curriculum Framework (NCF 2023), the series aims to foster the holistic development of learners.

The series explores various NCF-recommended themes including the **latest in science and technology, environmental awareness, Indian heritage and culture** and **global events**. It also places a strong emphasis on **values and citizenship skills**, highlighting principles such as seva, ahimsa, swachchhata, satya, nishkam karma, shanti, righteous conduct, gender sensitivity, respect for public property and the dignity of labour.

The content is presented in an **engaging** and **interactive format** through activities such as crosswords, puzzles and quizzes, making learning both enjoyable and meaningful.

In addition to the core content, levels 3–8 of the series include a special **booklet on current affairs**, helping students stay informed about important happenings around the world. Through this well-structured and thoughtfully designed series, BrainBytes seeks to equip students with the knowledge, awareness and skills needed to become responsible and informed citizens of the future.
