- Assessment Papers with Answer Key

# Smart Books

- Mapped to the Textbook
- High Quality Animations
- Presentations with Audio
- Audio - Visual Resources
- Interactive Exercises
- Embedded Questions
- Extra Resources for Teachers
- Question-paper Generator

# Highlights

- Mapped exactly to the CISCE Curriculum
- The series follows an activity based approach in classes 1–5 to build concepts and skills
- Encourage the use of a Maths kit (as prescribed by the syllabus) for hands-on learning
- Help students make cross-curricular links and use Maths to solve real-life problems
- Include Concept-based exercises to assess students' understanding
