

GENDER IDENTITY

A book on an inter-disciplinary research initiative, titled 'Gendered Citizenship: Manifestations and Performance' was launched recently. It explores how citizenship is differently gendered and performed across national and regional boundaries. Using 'citizenship' as its organising concept, it brings together a collection of multidisciplinary approaches to the legal, socio-cultural and performative aspects of gender construction and identity: violence against women, victimhood and agency, and everyday issues of socialisation in a globalised world.
